ORDER TERMS & CONDITIONS

To ensure every package is thoughtfully curated, customised and delivered within the required timeline, please take note of the following:

1. PACKAGES & BUDGETS

- All items are subject to availability at the time of order.
- Preferred items can be curated into packages tailored to suit your budget, quantity and gifting needs.
- Items may be modified or substituted with comparable alternatives where necessary, subject to availability and approval.

2. ORDER LEAD TIME & SOURCING

- it is advised that orders are placed well in advance of the required delivery date to allow sufficient time for sourcing, importation, customisation, production and packaging.
- Some items are sourced or imported and may require additional lead time.
- Air freight/importation typically takes approximately 3 weeks or longer, depending on the supplier, shipping schedule, customs clearance and other factors beyond our control.
- For this reason, clients are encouraged to place orders as early as possible, particularly for large quantities, bespoke packages.
- While we always endeavour to meet requested timelines, orders placed at short notice may have limited product and customisation options and requested delivery dates are not always guaranteed.

3. CUSTOMISATION & PRODUCTION

- Where appropriate, branding will be executed through Laser engraving, Embossing or Monograming, rather than conventional printing.
- Customisation timelines may be shorter or longer depending on the quantity, complexity of the request and whether boxes or other packaging components need to be produced.
- Production timelines will be communicated at the point of order confirmation.

4. PRICING & PAYMENT

- All listed prices are exclusive of VAT, where applicable.
- Delivery fees are not included in the listed prices and will be communicated separately.
- Orders are processed only upon confirmation of full payment.
- An order is considered confirmed once payment has been received and all required customisation details have been approved.

5. CHANGES & SUBSTITUTIONS

- Requests for changes after an order has been confirmed may affect the cost and/or delivery timeline.
- Where an item becomes unavailable after confirmation, we may recommend a suitable alternative of comparable value and quality, subject to approval.
